Apiida AG

Vision

Liberate enterprise data to securely enable our customers to monetize their data and drive innovation.

About Us

Apiida is a technology and service partner that develops comprehensive software solutions that allow customers to access their own data easily and securely. In doing so, APIIDA opens up new opportunities for sustainable value creation and sparks innovation in the company. In addition to offering smart and scalable products, Apiida supports its customers as a dedicated consultant and trusted expert.

Vision

Making distance irrelevant among intelligent people
