**2** **What & Why**

**3** **How**

# **1 Tricentis**

## **2 What & Why**

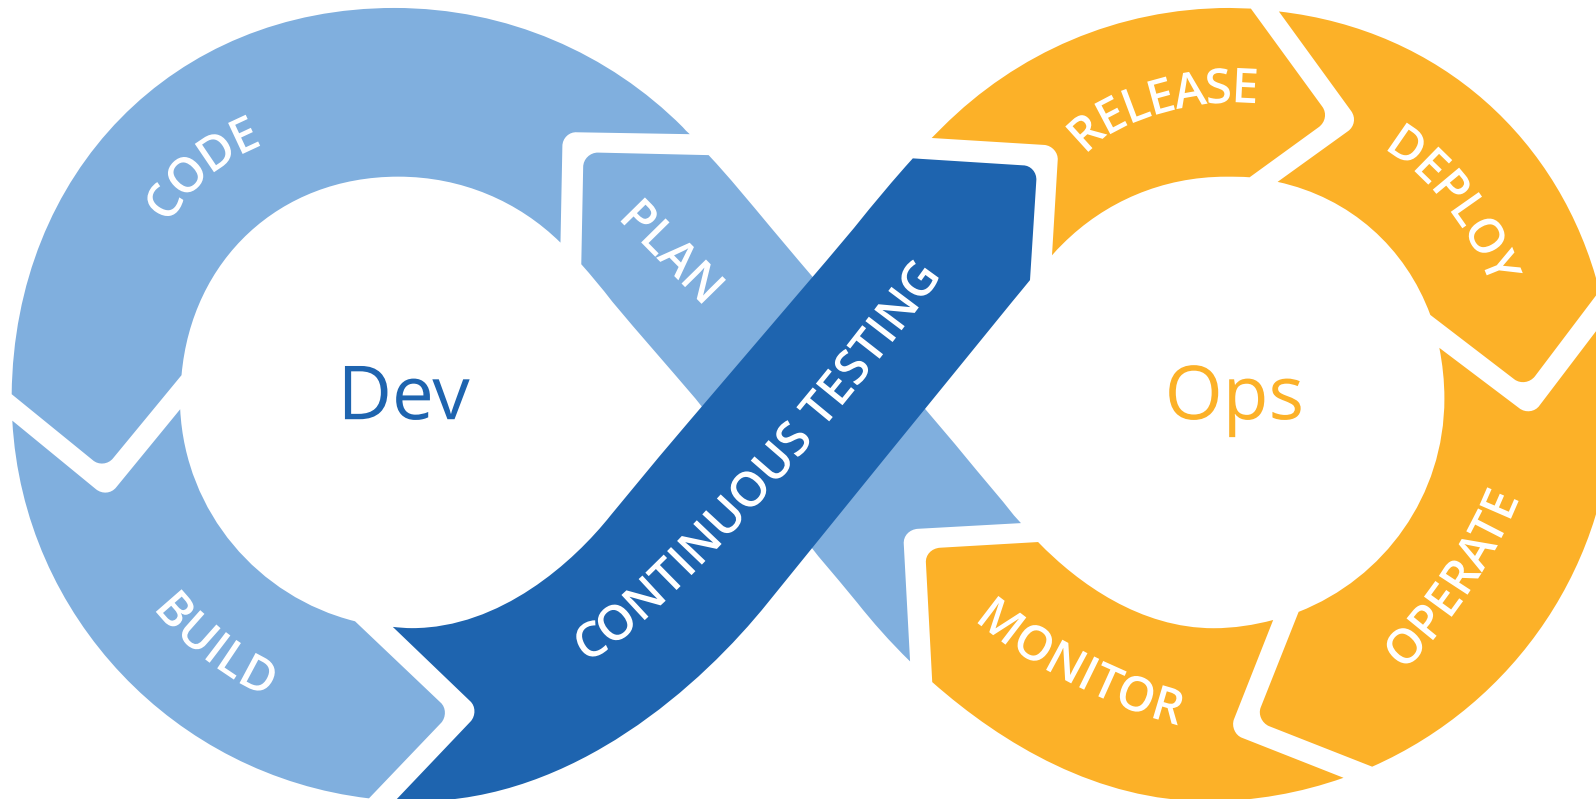

## **3 How**

A photograph of a historic stone bridge with multiple arches spanning a river. The bridge features ornate statues on its balustrade. In the background, there are trees and a multi-story building. A semi-transparent white banner is overlaid across the middle of the image.

Bridging the Chasm between **Dev** and **Test**

# Agile Dev *meets* Operations

*“DevOps is all about Continuous Testing!”*

<http://devops.com/2015/02/02/devops-continuous-testing/>

1 Tricentis

2 **What & Why**

3 How

## ☁️ „Software Cowboy“ Agile Approach

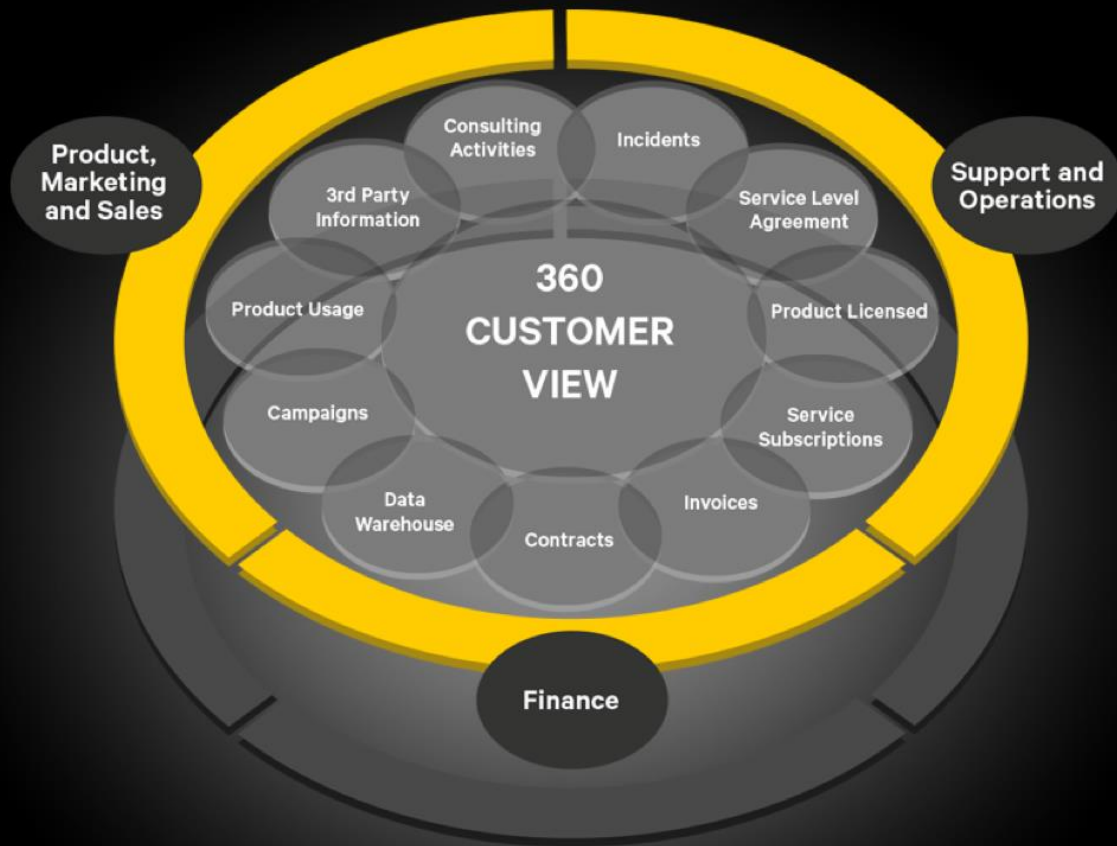

- Redo instead of MVP deliveries
- Integrations? – Can't do!
- Data Migration? – Ooops...

## ☁️ I'll know it when I'll see it

- Lack of Process Definitions

## ☁️ Missing user onboarding

- Lack of User Adoption

# What

360° **Customer View**

## Growth

Above market average growth

## Customer Centricity

Customer interaction at the core

## Data-driven Decision Making

X-Functional Analytics

# Why

The **Strategy**

# Challenges

---

The **Sourcing Criteria**

## ⌚ Agile Delivery Model

- Iterative Capability Development
- Continuous Delivery

## ⌚ Business Process Enablement

- Leverage Platform Capabilities
- Best Practice Sharing

## ⌚ Integration & Migration

- Middleware / Webservices
- Outstanding Diligence

**1** Tricentis

**2** What & Why

**3** How

# Hybrid Offshoring

---

The **Approach**

## 🕒 Hybrid

- Onsite Onboarding of Key Resources
- Cultural-fit

## 🕒 Communication

- You can't over-communicate!
- Daily Stand-Ups - be prepared
- Feature Presentations

## 🕒 Team

- Manage Actively
- Onboard Domain Experts

# Thank You for your attention
